Staff Accomplishments

David Gaylor, Ph.D. to participate in international conference on food additives.

David W. Gaylor, Ph.D., has agreed to participate in the 56th meeting of the Joint Food and Agriculture Organization of the United Nations/World Health Organization Expert Committee on Food Additives (JECFA), to be held February 6-15, 2001 in Geneva, Switzerland. Discussion at the meeting will center on the toxicity of and exposure to several mycotoxins. Information about this meeting can be found at:

<http://www.who.int/pes/jecfa/jecfa.htm>

Benchmark Dose and CatReg Softwares for Dose-Response Modeling

David Gaylor, Ph.D. to give toxicology talk in Germany. David W. Gaylor, Ph.D., will be presenting a talk entitled, "Confidence Levels Associated with the Product of Uncertainty Factors used in Setting Tolerable Daily Intakes for Toxic Substances" at the Wurzburg Toxicology Forum, University of Wurzburg, Germany, on September 11, 2000.

Sciences Staff Administer Third CERHR Phthalate Meeting. Sciences International, Inc.'s staff organized the Center for the Evaluation of Risks to Human Reproduction's (CERHR's) third Phthalates meeting held July 12 - 13 in Arlington, VA. The meeting was convened to finalize the CERHR expert panel's opinions concerning the effects of seven phthalate chemicals on human reproduction. A summary of the panel's conclusions can be viewed at: http://cerhr.niehs.nih.gov/news/ms7_18_00.html.

Brian L. Murphy Co-chairs Environmental Forensics Conference. Brian L. Murphy, Ph.D., recently co-chaired the International Business Communications (IBC) conference on
